

# Charles Melchreit, CFA

*Senior Vice President*

*Director of Investment Grade Management*

*Portfolio Manager*

Charles Melchreit specialises in structured securities as well as developing analytic methods and tools to enhance portfolio management processes. Charles is a Portfolio Manager of Pioneer Funds – Strategic Income and Lead Portfolio Manager on Pioneer Funds – U.S. Dollar Short-Term.

Charles began his career in the Investment Department at Aetna Life and Casualty, where he was a quantitative investment analyst and later Head of Quantitative Research.

He has also worked in the Quantitative Management Group at MassMutual (now part of Babson Capital), where he was responsible for research in the area of mortgage-backed securities.

Charles attended graduate school at Yale University, where he received a Master's degree in Statistics. Concurrently, he worked at Cigna Investment Management where he managed an ABS and MBS portfolio. Previously, he had worked for ING Aeltus, where his responsibilities included oversight of portfolio managers pursuing government and structured securities strategies, management of dedicated ABS/MBS portfolios, analysis and trading of fixed income derivatives, and leading a quantitative research team that focused on development of proprietary valuation and risk management tools.

Charles holds a B.A. in Economics and an M.A. in Statistics, both from Yale University, as well as an M.S.C. in Management from Sloan School of Management, MIT. He is a CFA® charterholder.
