**Objectives and Investment Policy**

**Objective:** Seeks to increase the value of your investment and to provide income over the medium to long term.  
**Portfolio securities:** The Sub-Fund invests mainly in euro denominated investment grade European bonds from a broad range of issuers, including governments, corporations and supranational entities. The Sub-Fund does not invest in equities or convertible securities. The Sub-Fund makes extensive use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (either long or short) to various assets, markets or income streams. This may generate a high level of leverage. In particular, the Sub-Fund may invest in short and medium-term interest rate swaps.
